

Sod/Seed Turf Warranty

(we will always do our best to keep you as a happy customer but for the sake of legalities...)

Sod/Seed Turf warranty will only be valid during the prime conditions for sod installation. These times are spring (April-June) and fall (September-November). Due to the perishable nature of sod installation, Landscape Mgt Group must be notified within 30 days of the installation if there is a problem. In order to qualify for replacement sod all of the following must be true:

- The turf was properly watered
- The turf was not trampled on or traffic of any kind by pedestrians, automobiles, or animals
- The turf was not burned or harmed by any type of chemicals, fertilizers, or pesticides
- Pets did not soil on turf
- turf has not been damaged by any form of natural peril beyond our control (i.e. Excessive flooding, fallen tree, any other acts of God)

**No cash refunds will be issued for warrantied sod.

**turf will be replaced at the discretion of a Landscape Mgt Group professional. Reasonable growing conditions must be maintained as a provision of the warranty.
